## Disaster Management Demonstration at HKM GDC Bandipora 04 November 2025

A comprehensive Disaster Management Demonstration was conducted at HKM Government Degree College Bandipora on 04 November 2025 by an expert team of the National Disaster Response Force (NDRF) in collaboration with 27 Assam Rifles and the Fire and Emergency Services Department Bandipora. The event aimed to educate students about preventive measures and rescue techniques in the wake of natural disasters such as earthquakes, cloudbursts, and landslides.

The guests and expert teams were warmly welcomed by the Officiating Principal, Dr. Mubashir Hamid Mir, who appreciated their efforts in sensitising young students to disaster preparedness and response. During the demonstration, the NDRF experts illustrated and explained several crucial rescue and safety operations, including:

1. Evacuation of trapped victims—both elderly and children—from earthquake-hit high-rise buildings using ropes and harnesses.
2. Providing immediate medical aid to victims before shifting them to safer locations.
3. Ensuring building safety for rescue operations by cutting electric connections, gas supplies, and other potential hazards.
4. Creating safe entry routes into damaged structures and using specialized equipment for victim retrieval.
5. Administering first aid for injuries such as eye trauma, head wounds, and impalement injuries.
6. Performing CPR (Cardiopulmonary Resuscitation)—a full live demonstration was conducted for the students.

Students actively participated and interacted with the NDRF experts, seeking information about various protective instruments such as diving suits, radiation-protective gear, drilling tools, and other life-saving equipment used in emergency operations.

Additionally, the Fire and Emergency Services team demonstrated gas leak prevention techniques and emergency management, emphasizing community-level preparedness and response.

The event proved highly informative and engaging, enhancing students' awareness about disaster response strategies and the importance of timely action during emergencies.
