Under the Nasha Mukh Bharat Abhiyan, the NCORD Cell of HKM Degree College Bandipora, in collaboration with the NSS Units of the College, organized an Awareness Lecture and Interactive Session on Drug Abuse on 14 September 2026.

The programme was organized under the dynamic leadership of the College Principal, Prof. Suresh Kumar Dogra, with the objective of sensitizing students about the harmful effects of drug abuse and substance addiction and encouraging them to adopt a healthy, responsible and drug-free lifestyle.

The awareness lecture was delivered by NCORD Convener, Prof. Irfan Ahmad Wagay, who highlighted the physical, psychological, social, academic and financial consequences of drug abuse. He emphasized the importance of making informed choices, maintaining a healthy lifestyle and staying away from substances that can adversely affect an individual's health, education, career and future aspirations.

An interactive session was also held during the programme, in which students actively participated and raised questions related to drug abuse, addiction, prevention and rehabilitation. The session provided an opportunity for students to openly discuss the challenges associated with substance abuse and understand the importance of family, peer support and community participation in preventing addiction.

The programme was attended by NSS Programme Officer Dr. Wasia Hamid, along with faculty members and students of the college. The active participation of the students reflected their growing awareness and commitment towards the cause of drug prevention.

The programme concluded with an emphasis on collective responsibility and sustained awareness efforts to build a healthy, informed and drug-free youth community and contribute towards the vision of Nasha Mukh Bharat.
